

Dear Club Representative

To decommission a Club from Rugby Link, a Club Deactivation form must be submitted to their respective Affiliate and State levels.

The old club is required to complete the following details & forward to your Affiliated Union competition manager, then to State/Territory Union for their approval and subsequently to the ARU.

These details will be provided to Rugby Link Helpdesk and ARU insurance broker (Gow-Gates). The Affiliate and State Union Contacts will be notified by the Rugby Link Helpdesk when the old club has been deactivated and will be forwarded to Gow-Gates for insurance notification.
